

Sage Abra Attendance

Expand your attendance tracking capabilities in Abra HR and Abra Payroll with Sage Abra Attendance. Abra Attendance allows for easy setup of virtually unlimited variations of employee attendance and time-off plans. With flexible attendance tracking features such as vacation, personal, and illness, jury duty, and bereavement time-off management, Abra Attendance gives you tremendous flexibility. Plus you can customize the system to meet your company's individual attendance tracking needs. Abra Attendance supports unlimited time-off plans for each employee, performs mass attendance updates and allows you track year-to-date hours available versus year-to-date hours taken. When implemented with other Sage Abra modules Abra Attendance saves time and streamlines business processes by helping manage your workforce costs.

In addition to comprehensive absence tracking features, Abra Attendance provides you with numerous reporting options. You can pinpoint trends in absence transactions with standard reports such as absence averages, absence percentages by department, and ranked lists by hours absent. Other standard reports include perfect attendance, FMLA due to return, medical recertification, and more. You can also create custom reports via the Abra Secure Query (ASQ) feature, or build reports with Crystal Report® Writer, included with your purchase of Sage Abra.

From developing innovative products to providing award-winning customer support, Sage is dedicated to surpassing your expectations. FEATURES

| | |
|----------------------------|--|
| Time-Off Management | Abra Attendance offers a full set of features for all types of time-off tracking, including as incident-based time off such as jury duty, medical leave, and bereavement. |
| FMLA Tracking | For Sage Abra SQL HRMS v8 or higher and Sage Abra Suite – U.S. Edition only. In addition to allowing you to assign regular leaves of absence, Abra Attendance also allows you to manage and report on leaves of absence covered by FMLA. Abra Attendance tracks medical certification and recertification dates and makes it easy to track FMLA time taken in staggered increments. |
| Flexibility | Abra Attendance supports a variety of attendance plans, and lets you set up plans based on a wide range of criteria, such as seniority start dates, thresholds, carryover amounts, and more. |
| Powerful Reporting | Robust reporting tools in Abra Attendance include a variety of standard reports including LOA tracking and medical certification/recertification reporting to help ensure compliance with government regulations. You also get customizable templates, the Abra Secure Query Report Writer, and Crystal Report Writer for your more complex reporting needs. With these reporting options available, you can give employees an instant, year-to-date snapshot of their attendance status, provide management with analysis of absences for quick detection of attendance problems, identify perfect attendance records, and create ad-hoc reports to meet all of your management and planning needs. |
| Integrated HRMS | Increase efficiency by integrating Abra Attendance with other modules in the Sage Abra family of products. Automate business processes by allowing employees to view time off balances and request time off with Abra ESS. |
| Accruals | Accrue time off based on hours, days, or any other unit of measurement. Track time off allowed vs. actual days taken. Set up separate, date-sensitive accounting for fiscal, calendar, and anniversary accrual years. Change accrual rates with Abra Payroll based on seniority level multiplied by the hours worked in a period. You can even award employees lump sums of time off at the beginning of a week, month, quarter, or year to meet the unique needs of your organization. |
| Security | Sophisticated, multi-level security options within Sage Abra allow you to control which users have access to data at any level—even field level. System administrators can create and assign an unlimited number of user IDs and passwords, and audit trails make it easy to identify who made each change by date, time, and type of change. |
